**Which project did you select and who is on your team?**

My group's project, as of yet, is called 'Homework Tracker'. The project consists of both a calendar and a timer. The calendar contains assignments and due dates for classes, which the user can modify or

I have two teammates:

**You will need to coordinate with your teammates to decide on an initial meeting. What is the date, time and format (in-person, zoom, or similar) of your initial meeting?**

Our entire group has been in contact on Discord.
